

## **SUPERINTENDENTS' PROFESSIONAL ACTIVITIES**

### **1. Superintendent as Consultant**

- 1.1 The Board expects the superintendent to devote his or her undiminished attention and energy to the concerns of the school district. He or she may not be engaged in any other employment nor in long-term consulting assignments. However, the Board recognizes the superintendent's obligation to contribute to the profession of school administration and to the cause of public education generally. This policy, therefore, does not prohibit the superintendent from undertaking occasional consultative work which does not conflict with obligations to the district.**
- 1.2 Any such task that requires the superintendent's absence for two or more days during the school year must have prior approval of the Board.**
- 1.3 The superintendent is encouraged to participate especially in state or regional committees that further the causes of education in Monroe County.**

### **Z Superintendent as Board Member**

- 2.1 As a respected community leader and leader in the field of education, it is expected that from time to time the superintendent may be asked to serve on various boards of directors, governing boards or the like of organizations that have a need to have representation as such. This policy is also to encourage such membership by the superintendent.**
- 2.2 Board members should be advised of any appointment to a governing board. It is understood that occasionally travel or meeting attendance should have to occur during the work week. It is expected that the superintendent should represent the needs of Monroe County Schools on whatever board or governing relationship his/her membership is requested.**
